13	01.02.08						
Kaset fair							
14	15.02.08						

# Homework No. 3

- Special task for “No I in team”:
  - Where are all the docs (Spec, QA Plan with Milestones, Test documentation)?
  - Where is the current build of the software?
  - Organize a common share, and inform Jittat and Uwe where all the project relevant documents are stored
  - If everything fails: Collect all the docs and send copies per email
