Software Project Management

Lesson 4 – Planning phase
Homework

Uwe Gühl
Winter 2015 / 2016

Homework

1. Download from
   https://mike.cpe.ku.ac.th/~uwe/01219343
   - Work breakdown structure template
   - Time schedule template
   - Milestone plan template

Homework

2. Work breakdown structure (WBS)
   a. Decide how to structure the WBS of you project (function, object, process, mix)
   b. List at least 7 Sub project / Work package items
3. Time schedule
   a. Milestone plan
      Prepare the next milestone of your project.
      List at least three criteria to be checked
   b. Time schedule
      List at least 7 Sub project / Work package items and document, when they should be executed.

Homework

4. Alternatively you could use a project management tool like MS Project or ProjectLibre (*www.**projectlibre**.org*) for tasks 2b. and 3b.

5. Send the documents (office format or pdf) until 16.02.2016 to uweguehl@hotmail.com
