

Software Test

Lesson 4
Homework

Uwe Gühl
Winter 2015 / 2016

Homework

1. Download from
<https://mike.cpe.ku.ac.th/~uwe/01219343>
 - Test case template (Template_TestCase_v1.0.xlsx)
2. Please enter in the test case template for committed 3 requirements / 3 risks test cases into the template.
For every requirement / risk enter please at least two test cases
 - 1 positive test case (testing the good case)
 - 1 negative test case (testing erratic behavior)

Homework

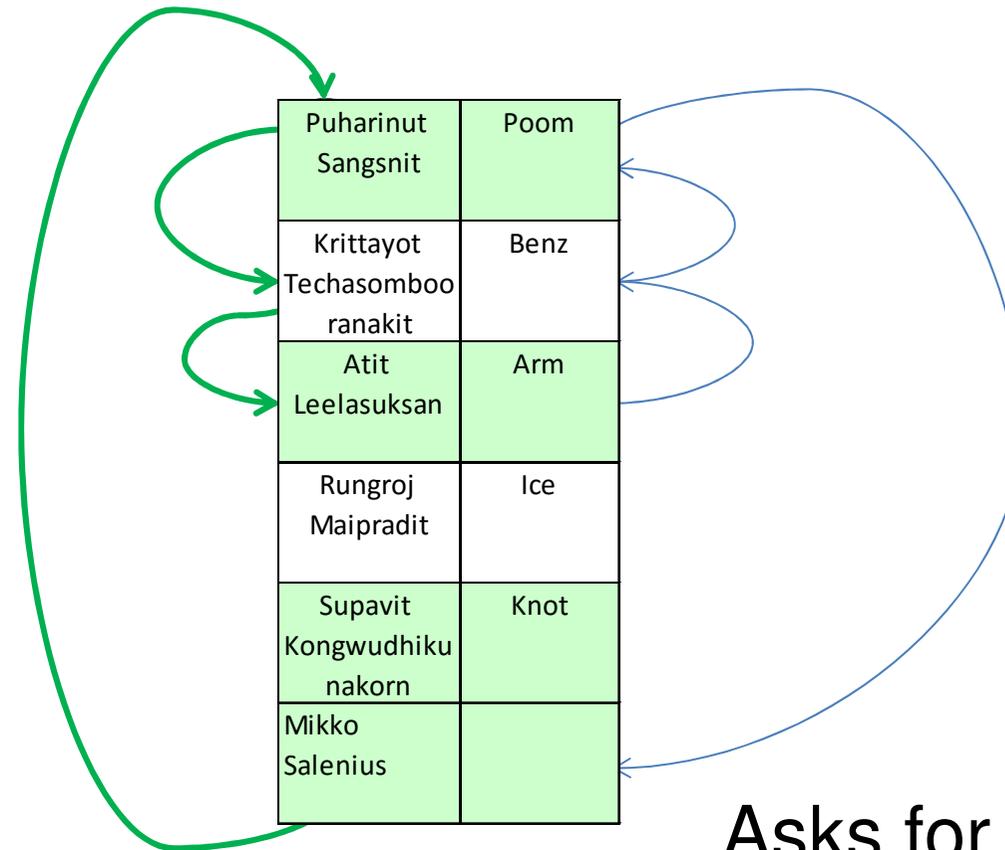

3. Ask your fellow student for review and approval.
Approval means: Your fellow student could execute the test
Approval should be sent by e-mail to you.
 - Approval should be done by the student listed in the student list above you.
The first student chooses the last
4. Send both documents (template and approval) until 09.03.2016 to uweguehl@hotmail.com
